**Office Furniture Tsiros, since 1952**

*“Old fashioned professionalism, new fashioned office interiors”*

## Our Identity

Tsiros office furniture is a 3<sup>rd</sup> generation family business, producing, importing, commercializing and servicing office furniture **since 1952**.

We still believe , after seven (7) decades, in honesty and personal contact, creating solid, long lasting relationships and achieving **top customers' retention score**.

We offer office furniture and seating, partitioning, flooring, acoustic and lighting comfort solutions. We work along with companies, organizations, architects, interior designers and construction companies and we develop **custom fit or standardised** solutions for any working or commercial environment or space.

We have set our mark as a strong player in **individualism and quality** of our office furniture.

This is our identity which makes us a **long lasting, reliable, project-based** partner.

## Technical features

Tip-up writing tablet on single-base.

### Structure

Bearing structure in steel sheet metal on rectangular single-base 80 x 50 mm (2mm thick), steel sheet metal base (5mm thick) for floor-fixing.

All steel structures are painted with scratchproof epoxy-polyester powder in semi-matt black RAL 9005, semi-matt silver and embossed graphite finishes.

### Top

Stratified HPL black tip-up top with anti-panic movement of 450 x 280 mm (8 mm thick), also available in custom dimensions under request.

The top tips up through a mechanical system of Teflon covered bearings, which guarantee performance and silent movements.

Hinge system with steel lever (5 mm thick), covered with polished aluminium or painted in semi-matt black RAL 9005, semi-matt silver and embossed graphite finishes.

### Accessories

Provision for electric power supply and data cables on the bearing structure (socket on demand).

Provision for voting system and simultaneous translation.
